SYRAH ROSÉ

Vin de Pays d'Oc

This wine is produced using 100% Syrah grapes. It comes from the Pays d'OC which has an authentic richness thanks to its mediterranean climate. The soils are varied, including clay, limestone, basalt and volcanic rocks.

Maceration occurs followed by pneumatic pressing of the grapes. Static settling is caused by using cooler temperatures, and alcoholic fermentation is then controlled between 15 and 17°C. Racking takes place at the end of the fermentation period, with malolactic fermentation not being allowed to occur in order to preserve the freshness of the fruity notes in the wine.

This wine has a purple-pink colour. It has strong fruit flavors with strawberry notes and candy shop aromas. In the mouth fruitiness again dominates, with a roundness and vivacity that underlines the fruit.

Ideal as an aperitif or with summer dishes.

Best served well chilled between 8 and 10°C.
